

STELLA LUCE  
COLLECTION I

## STAR LIGHT

When style is everything the Stella Luce 'STAR LIGHT' is the only choice. This watch combines classic luxury and modern smooth lines to create a striking yet timeless look.

Handcrafted to perfection, the Stella Luce has a choice of three stunning marble dials; Blue Sodalite, Italian Carrara and Nero Portoro.

## LET THERE BE LIGHT

To reveal the aesthetics of the Swiss automatic movement, the Stella Luce features a stunning sapphire showcase back. The theme is continued throughout via its 1ct diamond crown and accompanying diamond set bezel and caseback which emit a starlight glow throughout the night. This is a first in watchmaking history.

This complex engineering feat is accomplished by incorporating them inside an ultra-modern dodecagon screw head solely developed in-house by Baresi & Caine.

Designed and crafted to the highest possible standards, you can be assured of a robust, reliable accurate timekeeper whose quality and looks are perfectly matched.

With Super Luminous hands offset against the smooth sweeping second hand this watch is a true statement piece.

The Stella Luce is available in 18ct Gold, 18ct Rose Gold, Platinum, White Zirconia, Black Zirconia and 904L Stainless Steel.

Finished with double anti-reflective coating on the sapphire glass, every detail of this magnificent timepiece marks it out as Baresi & Caine.

## PRECIOUS METALS

B&C  
BARESİ & CAINE

Our automatic movement is equipped with a double barrel and a variable inertia balance, giving the movements better operating stability and optimal timing.

BC101SL  
AUTOMATIC  
MOVEMENT

Indications and functions - Hour, minute, date in a window at 3h or 6h

Type of balance - Variable inertia with gold inertia-blocks

Frequency - 4 Hz (28,800 A/h)

Type of balance-spring - Flat

Type of oscillating weight - Tungsten

Oscillating weight winding direction - Single direction clockwise

Power Reserve - 50 hours

Chronometry - Double-barrel rapid rotation in series Variable inertia balance

Number of components - 189

Number of jewels - 28

### Specific features and finishes

- Circular-grained plate on dial side and bridge side
- Date bridge and motion-work bridge, circular grained, dial side
- Bridges with Baresi & Caine decor, rhodium-plated, bicolour engraving
- Bevels, counterbores and apertures diamond-polished
- Ceramic ball-bearing
- Pivots and flanges rolled
- Wheels circular-grained on 2 faces
- Flat-head screws, locked
- Bridges hand-bevelled with piercer
